TIE BLANKETS / BABY BLANKETS

The Foster Alliance can always use blankets for babies and children in foster care. Blankets are a great way to soothe and provide comfort to the children in care. Instructions on how to make a no-sew tie blanket are included below.

Quilts and knitted blankets are also welcome.

SUPPLIES

- ✓ 2 pieces of coordinating fleece, 1.5 yards each (or larger, depending on the size blanket you want to make)
- ✓ Fabric Scissors
- ✓ Measuring Tape
- ✓ Permanent Marker

INSTRUCTIONS

1. Cut fleece: Cut your fabric down to the size you want it but add 4 inches. (If you want a 3-foot by 2-foot blanket, you will cut the fabric to 3-foot 4 inches by 2-foot 4 inches.)
2. Arrange fleece: Make sure both pieces of fabric are pointing out and lay one on top of the other.
3. Cut slits: Start making 1-inch wide and 3-inch-long slits along one side of the blanket. When you get to the end of each side, you will want to cut a 3-inch by 3-inch square in the corners.
4. Tie strips: Start tying your strips of fabric by making a circle with the two strips together and then pulling the end through the circle. Work your way down until you have tied all sides of the blanket.
5. Return completed blankets to TFA.
